

Certification Examination

For Students Completing A Program Between March 1, 2020 – May 31, 2020

- **AMCB is going to offer a 3 month extension to the eligibility period of any individual that completes their program between March 1, 2020 – May 31, 2020. We are continuing to monitor the situation and these dates will be re-evaluated if needed as we move forward.**
- **Program Directors should continue to send their letters to Rebecca Koskovich (rkoskovich@amcbmidwife.org) at AMCB with the names and dates of completion of all of their students (AMCB will add an additional 3 months of eligibility to this date when we receive their application)**
- **Anyone that completes their program during this time and is looking to start working right away should complete an application to sit for our exam. This will allow us to supply the licensing boards with a “Letter of Eligibility” if the licensing board requests it. This letter will state that candidates have met their program requirements and are now eligible to sit for the AMCB Certified Nurse Midwifery Examination. It is our understanding that some state licensing boards are going to start granting temporary licenses as a way to increase the nursing workforce to help with the immediate situation. This letter will only be issued directly to a licensing board. We will not issue this letter to any individual candidates.**

For Candidates That Have Completed A Program Prior to March 1, 2020 and Have NOT Sat For the AMCB Certification Exam

- **Anyone that completed their program during this time and is looking to start working right away should complete an application to sit for our exam. This will allow us to supply the licensing boards with a “Letter of Eligibility” if needed. This letter will state that candidates have met their program requirements and are now eligible to sit for the AMCB Certified Nurse Midwifery Examination. It is our understanding that some state licensing boards are going to start granting temporary licenses as a way to increase the nursing workforce to help with the immediate situation. We do not know which licensing boards will be requesting/accepting this but we do want to be prepared as soon as possible.**

All Other Candidates

- **Please continue to check back regularly for updates on the re-opening of test sites**

All test center closures can be found [here](#).

AMCB appreciates your patience and understanding during this unprecedented time and we assure you that we will do our best to keep you informed as situations change. If you have any concerns or questions, please do not hesitate to send an email to rkoskovich@amcbmidwife.org.
